Type of Damage: Hail Storm

Contract Amount: \$1.1million

Locations: Becker Ln
Scottsdale, AZ

Notes on this Restoration:

This was an 8 month long dispute with an Insurance Carrier. Original LOSS STATEMENT was \$250K but after further review our staff and engineers, we were able to get LOSS STATEMENT increased to \$1.1 million in damages.

The insurance provider sent our 3 checks marked PAID IN FULL over 7 month period. We were forced to write VOID on each check and send them back to the insurance provider to keep fighting for what was right. Adjusters can be very difficult to work with when dealing with large Loss Settlements.
